Fire District—Chief Contract

A sample employment contract to be entered into between a Fire Chief and a Fire Protection District is attached, together with alternative paragraphs which could be substituted for the contract paragraphs to meet various situations. These provisions are supplied as suggested forms only and must be modified to meet the actual conditions, operations and needs of the District. The printed provisions themselves should be modified if the need arises and should be used with competent professional advice when needed.

The following comments are referenced to specific contract clauses:

In paragraph no. 1 regarding duties of the Chief, the language should be modified to delegate to the Chief only those duties and authorities that the Board of Commissioners intends to delegate. In the event the District has adopted a Civil Service system or has entered into a contract with a union representing its paid firefighters, care should be taken to insure that the disciplinary authority given to the Chief does not violate the Civil Service regulations or the contract provisions.

Paragraph no. 2 regarding compensation must also be modified to cover whatever fringe benefits the District provides for the Chief. If the Chief is not fully paid or is strictly volunteer, then one of the appropriate alternate paragraphs should be used. Care should be taken in this regard to determine the income tax and employment tax status of sums paid to the Chief.

Paragraph no. 5 in the agreement provides for termination of the Chief for cause only. If the Board of Commissioners wishes to retain the authority to terminate the Chief without cause and at its discretion, then an alternate paragraph should be used.
